

Why Join the IRC?

The IRC is comprised of key industry supporters that provide goods and services to the home care setting. IRC members provide resources, both financial and educational, to help the Academy meet its mission. Members of the IRC have the benefit of networking and building relationships with AAHCM leadership, as well as with Academy members and vendors. The Council serves as a strong platform for members to interact with others in the field of home care medicine, exchange ideas, and provide resources to enhance AAHCM programs that benefit home care providers.
